#### INDEPENDENT ACCOUNTANT'S REPORT

Central Louisiana Juvenile Detention Center Authority Pollock, Louisiana

We have reviewed the accompanying basic financial statements of the governmental activities of the Central Louisiana Juvenile Detention Center Authority, as of and for the year ended June 30, 2014, which collectively comprise the Authority's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the Central Louisiana Juvenile Detention Center Authority. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

The management of the Central Louisiana Juvenile Detention Center Authority is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report, dated December 10, 2014, on the results of our agreed-upon procedures.

Our review was made primarily for the purpose of expressing a conclusion that there are no material modifications that should be made to the financial statements for them to be in conformity with accounting principles generally accepted in the United States of America. The management's discussion and analysis and budgetary comparison information are presented for purposes of additional analysis. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. The supplementary information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but it has been compiled from information that is the representation of management. We have not audited or reviewed the supplementary information and accordingly, we do not express an opinion or provide any assurance on such supplementary information.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Central Louisiana Juvenile Detention Center Authority was formed under the Revised Statutes of 1950, to be comprised of R. S. 15:1105 through 1105.7 and 1106 through 1106.5, relative to juvenile detention facilities; to create and provide with respect to the Central Louisiana Juvenile Detention Center Authority for certain parishes; to provide with respect to the Bossier/Caddo Juvenile Detention Center Authority; to provide for a board of commissioners or a board of directors of the authorities and for the composition, administration, powers, and duties of the board, including the power to incur debt, issue bonds, and levy taxes; and to provide for related matters.

The Central Louisiana Juvenile Detention Center Authority is hereby established as a political subdivision of the state, with a territorial jurisdiction throughout the parishes of Avoyelles, Catahoula, Concordia, Grant, LaSalle, Vernon, and Winn.

The accounting policies of the Central Louisiana Juvenile Detention Center Authority conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

#### A. GOVERNMENT-WIDE & FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the Central Louisiana Juvenile Detention Center Authority.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. All individual governmental funds are reported as separate columns in the fund financial statements.

#### B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, & FINANCIAL STATEMENT PRESENTATION

#### Impact of Recently Issued Accounting Principles

In December 2010, the GASB issued Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. GASBS No. 62 incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements: Financial Accounting Standards

#### NOTES TO THE BASIC FINANCIAL STATEMENTS CONTINUED

Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure. This Statement is effective for periods beginning after December 15, 2011, and has been implemented in fiscal year 2012. The adoption of GASBS No. 62 does not have any impact on the Authority's financial statements.

In June 2011, the GASB issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. GASBS No. 63 provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. The Statement of Net Assets is renamed the Statement of Net Position and includes the following elements: assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. This Statement is effective for periods beginning after December 15, 2011, and has been implemented in fiscal year 2012. The adoption of GASBS No. 63 does not have any impact on the Authority's financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Fees associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Central Louisiana Juvenile Detention Center Authority reports the following governmental funds:

The *General Fund* is the entity's primary operating fund. It accounts for all financial resources of the entity, except those required to be accounted for in another fund.

Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
